

We Wai Kai Comprehensive Community Plan Development

We Wai Kai and the Laich-Kwil-Tach Treaty Society are working together to develop a Comprehensive Community Plan (CCP). A CCP is a plan that considers everything from the lands to social wellbeing and is meant to help leadership make decisions that represent the community's goals and vision. In this way it's different than the land code. The land code is a plan for reserve lands while the CCP will include visions and goals for our governance, health, Elders, Youth, and other lands, like We Wai Kai privately owned lands and treaty settlement lands.

In an effort to include community input and participation we ask that you consider the two questions below. You can answer them on this sheet and return it to the band office or you can visit <https://www.surveymonkey.com/r/H7Z3CX2> to complete the form online. Please have it back to us by the end of day, March 5, 2018.

The CCP Committee will seek more input as the plan develops. Please watch for more questionnaires, open houses, round tables, Elders meetings, Youth meetings and community forums to ensure your thoughts and ideas are included. For more information please visit lkts.ca.

Part 1: Draft Vision Statement for the Comprehensive Community Plan:

We, the We Wai Kai embrace our language and culture to build a proud, healthy, safe and self-sufficient community. We support and encourage each other to thrive through following the footsteps of our ancestral history, as stewards of our lands and waters, while balancing our role in modern day society.

Question 1: Do you agree that the vision statement captures the goals for our future We Wai Kai community? (Circle your answer).

Strongly Agree <u>1</u> ; Agree <u>2</u> ; Neither agree/disagree <u>3</u> ; Disagree <u>4</u> ; Strongly Disagree <u>5</u>

Move on to question 2.

Part 2: CCP Development

Through community consultation and the committee work we have identified 5 key areas that should be addressed in the future We Wai Kai community plan. In the next stages of planning these will be considered in detail to develop a plan that will aid decision makers. Community consultation will be ongoing. The 5 key areas and examples of planning topics within each are noted below for your review.

Topic	Examples
Culture and Language	Harvesting, Teaching/Learning Opportunities, Identity
Governance	Transparency, Policies and Enforcement, Community Evolvement, Equal Representation
Social Wellbeing	Mental Health and Addiction, High Community Standards, Housing, Health, Security
Economic Development	Zoning, Employment, Training/Capacity Building
Lands and Waters	Preservation and Protection, Climate Change Preparation, Fish and Wildlife, Hunting

Question 2: Do you agree that these categories address the key areas? (Circle your answer).

Strongly Agree 1; Agree 2; Neither agree/disagree 3; Disagree 4; Strongly Disagree 5

Please share your ideas:

Thank you for your input. We value your ideas and look forward to hearing more as the work progresses.

Please submit by Survey Monkey or paper (& deliver to the band office) by Mar. 5.

Ĝilakasl!
